

Compactor OB200 Dual Plus

The OB100 model is a “space-saver” container that reduces waste volume, balancing design and innovative functionality.

- Designed to be located in the tiniest spaces, its design is linear and elegant.
- Made out of steel and aluminum, it grants a long lasting experience and its resistant to marine environments.
- Rapid functioning, high compacting power and low energetic consumption.
- Thanks to the double compartment structure, it increases compression efficiency and the quantity of waste to be compacted, while at the same time facilitating separate waste collection.
- Its high compaction performances reduce waste volume to make your life easier when it comes to stash or dispose of garbage at lower cost in a shorter period of time.

Features

Brand	Obelis Trash Compactor
Type	OB200 Dual Plus Compactor
Power Supply	12 Volt
Warranty	2 years
Energetic Consumption	8 Ampere
Compaction ratio	4:1 (75%)
Capacity (litres)	52 litres (in. ³ 3173) of compacted waste
Litres of compactable waste	210 (in. ³ 12.815)
Pressure power	617,29 lb. 280 kg
Certifications	CE Branding. Patented product

Size and Weight

Width	17,32 in.	440,00 mm
Depth	17.05 in.	433,00 mm
Height	19.49 in.	495,00 mm
Weight	70,54 lb.	32 Kg.

Notes

It uses normal 30 litres plastic bags

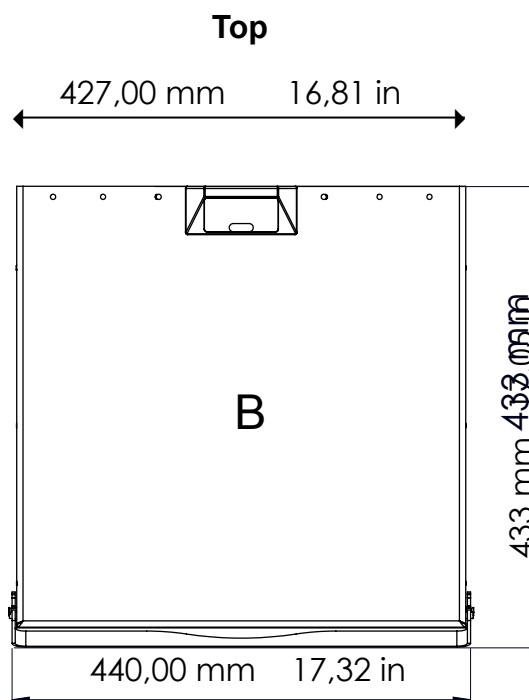

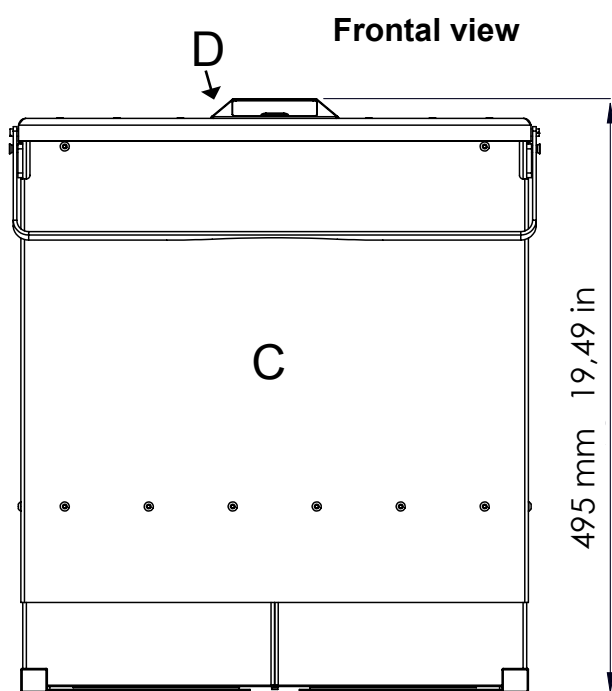

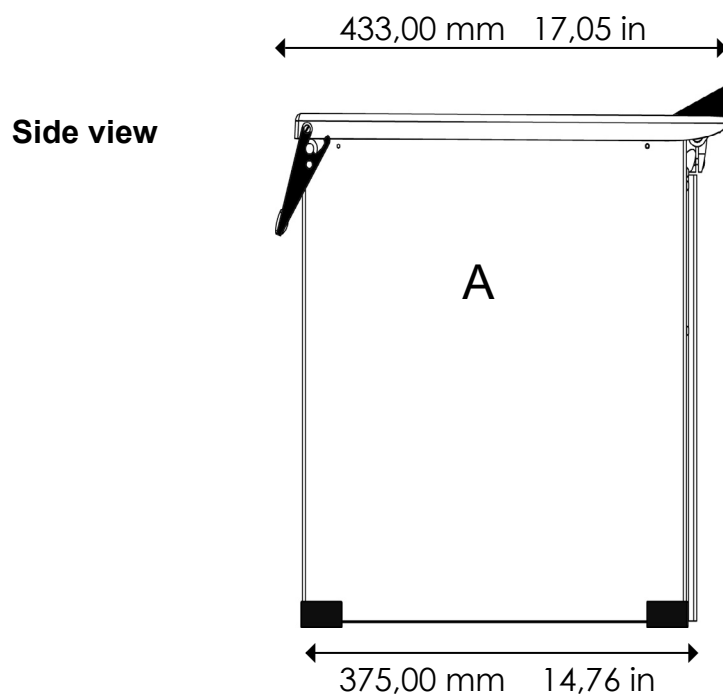

Types of waste: non recyclable waste, paper, plastic, aluminum cans

Types of waste not to be compacted: glass, organic waste and rigid waste.
